Working together

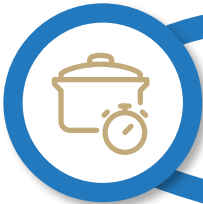

Menus are built around pupils' allergen, cultural, dietary & special requirements

Our triple lock allergen safeguard protects the pupil & addresses your duty of care responsibilities

Pre-ordering ensures pupils receive their chosen meal, reduces waste & meal service times.

Provides additional facilities such as meal vouchers, school trips, school shop & clubs etc.

Our simple online pay-as-you-go system removes cash handling, controls debt & assists parental budgeting

Operates smoothly on all smartphones, tablets & PCs

"Evolve's system has reduced the amount of administration time and avoids excessive food waste as orders are placed in advance.

Parents have been positive about the Evolve System and it has led to a reduction in debt due to parents paying as they order.

For the school employees, knowing there are safeguards in place around allergen control is reassuring.

We also use the system for school trips which makes the process easier"
